## Building Group Named

The selectmen have approved the town manager's appointment of a Doherty - Shawheen Schools Building committee.

Ralph S. Crossan, 8 Sequoia Lane, has been named designated chairman by Town Manager J. Maynard Austin.

The committee, which will have charge of the planning and eventual construction of the renovation program at the two schools will be made up of Francis W. Bailey, Jean J. Chalifour, Earl Efinger, Vahey Gulezian, Robert S. Hamilton, Lester Harris, Mrs. David Riddiford and Frederic A. Stott.

The chairman is associated with the Cox Engineering Co., in Cambridge, which is engaged in the design and project management of new construction.

The committee will be officially organized soon to work with the school department in the planning stages of the proposed renovation.

Town meeting this year approved funds for the renovation of the two schools to bring them up to standards for the conduct of a modern educational program.

## Continued Service Requested

The selectmen have asked that action to continue the once-a-day train service to Boston be extended beyond the June 30 cutoff date.

The board, acting Monday night, voted to pursue the matter with the MTA which currently operates the daily service, the legislature and the governor if necessary.

The MTA has informed the town that it will no longer operate the train after June 30, unless the state subsidy is approved.

The state has subsidized the line along with participating communities. The state, Mayor White of Boston, MTA Advisory board and the legislature are currently haggling over MTA funds, with the train service hanging in the balance.

Selectman Milton Greenberg expressed opposition to anything which would commit the town to the MTA, but said he was all in favor of mass transportation studies and solutions.

Greenberg said he would be opposed to any commitment by the town for the train service, beyond its present participation, which is what the board is attempting to have resolved.

The train serves about 300 commuters from this area.

Selectman Alan F. French said Monday night that he felt the service was warranted in view of those who use it, as well as having such a facility for those who wish to go to and from Boston and unable to do so without the train.

## Chamber Honors Men For Service

An ecologist and a local business man were honored by the Andover Chamber of Commerce at the organization's 10th annual dinner meeting Wednesday night at the Sheraton Rolling Green Motor Inn.

Thomas E. Cone, III, an instructor at Phillips Academy and an ardent environmentalist, was the recipient of the Community Service Award and Raymond B. DeRuisseau, business and advertising manager of the Andover TOWNSMAN was presented the President's award for his work with the chamber's Retail Task Force.

Robin A. Neill was elected president of the chamber, succeeding Robert M. Henderson.

Following the dinner and awards ceremony, the capacity audience of close to 300, were entertained by four local girls who had appeared in the Lawrence General Hospital

"Follies" program.

The group of amateur talent entertaining consisted of Miss Amanda Burr, Mrs. Joan Desmond, Mrs. Liz O'Donoghue, and Miss Marlene Joy Witzgall. In addition, professional singers, Guy Rotondo and Paul Cavillieri were part of the entertainment program.

DeRuisseau was honored for his outstanding work with the Retail Task force of which he has been chairman for the past two years and a member since its inception.

A former president of the Andover Board of Trade and an active member of the Chamber since its merger with the Greater Lawrence organization ten years ago, DeRuisseau increased the membership in the Retail Task Force during his two years as

## Tax Rate Picture Brightens Somewhat

News of a brighter nature for the town's taxpayers arrived Wednesday morning with the announcement by the state of estimated Cherry Sheet figures.

Andover will be receiving a net gain of a little over \$431,000 in the annual accounting of money owed the state and receipts due the town from state sources.

Assessor William H. Russell, who analyzed the estimates Wednesday noted that the town will be receiving \$1,871,216.13 in general fund distributions and reimbursements from the state this year as compared to \$1,453,927.74 a year ago, an increase of \$417,288.39.

Added to this figure is an estimated \$161,400.72 from a special highway fund distribution.

The gain in distribution totals \$417,288.39, with the amount to be raised for state obligations of \$15,136.99 deducted, brings the

net gain to \$402,151.40 with the 1971 Cherry Sheet overestimates added, the figure comes to \$431,060.40.

While all figures are not compiled and the assessors department is not ready as yet to determine Andover's 1972 tax rate, the increase in state receipts represents about \$2 of the rate. Using estimated figures at town meeting time, officials predicted a tax rate increase of up to \$5. The rate last year was \$46 per thousand.

The state disbursement was announced late Tuesday by Gov. Sargent. Included in the figure are some estimates of the funds from the state lottery.

The new figure dealing with the special highway fund distribution, is gained from a tax increase on gasoline approved by the legis-

## Selectmen Order Canine Destroyed

For the first time since the town has had a dog control law, the selectmen have acted to have a canine destroyed.

Meeting on a complaint concerning a 14-month old Huskie named Max, owned by J. Goodman, 44 Wild Rose Drive, the selectmen unanimously voted to have the dog destroyed after it had bitten a child near his eye.

An effort to spare the dog's life by having it moved to another community or away from its present residence, failed.

The complaint was brought before the board by John P. Kennedy, 5 Holly Terrace, whose son had been bitten, almost taking the youngster's eye.

The dog is to be impounded by Dog Officer Donald Porter during a ten day period. The owner of the dog has a ten day period to file an appeal from the selectmen's decision in District Court.

Dog Officer Porter, informed the board Monday night that although the dog was not considered vicious, it had bitten two people had assisted another dog in killing a cat and attacked rabbits in a cage.

Porter said that the dog had been ordered restrained, but on occasions had been viewed free of restraint.

The dog officer who recom-

mended the dog be destroyed, said he felt a responsibility in view of the failure of the dog to be continually restrained.

Goodman explained that he had been keeping the dog restrained, but that another dog had assisted "Max" in becoming free, by

## Ambulance Bill Was Mistake

Charging of three North Andover residents for ambulance service on a mutual aid call was apparently a mistake.

Local officials have stated that the bills sent to the three people injured in an accident in the suburban town a few weeks ago was done in error by the town.

The people were involved in an accident at Park Street and Chickering Road, North Andover and transported to the Lawrence General Hospital in the Andover ambulance summoned to assist North Andover.

According to the Andover ambulance policy, there is to be no charge on mutual aid calls.

Thus, the \$30 bills for services sent by Andover to them was apparently in error.

Andover has a policy of charging all out of town residents for ambulance service. Last year the town billed out-of-town residents \$5,050 for ambulance service and collected all but \$754 of that amount, some bills still due having been sent at the end of the year and still in process.

## Board Faces Insect Problem

The selectmen have taken under advisement an insect problem in the town.

Mrs. Lawrence Lynch, 19 Vine St., told the board Monday night that relief was needed for the mosquito and tick problem which is prevalent in the town this year, as she presented the signatures of over 600 residents of the town seeking relief.

On the other hand, town conservation forces have presented thoughts to the board on the idea of spraying to combat the problem.

Mrs. Lynch told the board that the problem is so great that often youngsters are not permitted to lie outdoors, the mosquito population is so great.

She pointed out that the problem was town-wide, noting that residents in the downtown area had commented on "dive bombers" referring to the mosquito activity in that area.

Mrs. Lynch told of the large welts on children as a result of bites, which sometimes fester and require medical attention.

She told also of spraying programs conducted in other communities, noting that Melrose, Wilmington and Wakefield have undertaken such activity at an approximate cost of \$5,000 to \$6,500 annually.

In her comments she also discussed the tick problem, the insects attacking dogs. The insects are difficult to remove and

veterinarians have reported that heartworm, a disease which affects a dog's heart and is sometimes fatal, is prevalent in Andover.

She asked that the board consider spraying, if not this year, then plan for next year.

Selectman Alan F. French suggested that the town manager and board of health look into the problem immediately, to determine what could be done.

Mrs. Lynch had pointed out that in a conversation with state officials, there are sprays which can be used safely, noting that she and the petitions signers had no intention of harming the environ-

## Diplomas Given 27 At St. Augustine's

St. Augustine's School graduates were presented diplomas Monday evening following a liturgical celebration of the event at 7 p.m.

Rev. Jerome Holland, OSA, the new pastor and Rev. LeRoy Gardener, OSA, concelebrated the Mass for the young graduates who participated in a dialogue homily highlighting the memories of days spent in school. The graduates then joined in an offertory procession to the altar carrying gifts to be given to those less fortunate than themselves.

The group left the altar at one point in the liturgy to offer the traditional sign of peace and gratitude to their parents gathered in the church.

Songs rendered by the graduates and the choral group of the school were: "Into Your Hands," "Take Our Bread," "The Seasons," "For All That Has Been," and "Song of Joy".

The Anna M. Cronin Award, given to the student who best approximates the ideals of St. Augustine's school and for outstanding cooperation with family and students was presented to Corrine Enza Malandrino.

The Andover Council 1078 Knights of Columbus Scholar-

ship was presented to David Earl DeLucia and the K. of C. Auxiliary scholarship awarded to Kathleen Patricia Reilly.

Students receiving recognition for their achievement, effort and citizenship included: Heidi Ann Harter, James Bartholomew Meyers, Kathleen Edna McLarney, Thomas William Sambuco, Kevin Gerard Sweeney, Paul Gerard von Sacken and Nancy Elizabeth White.

Father Holland presented diplomas to the following graduates:

Peter Thomas Aumais, William Michael Brennan, Kevin Michael Carroll, Michael Arthur Croke, David Earl DeLucia, Joseph Marion Fox, Stephen Paul Galvin, Joseph Frank Grillo, Kevin Arthur McDonald, James Bartholomew Meyers, Timothy Joseph Murphy, John Stephen Ronan, Thomas William Sambuco, Kevin Gerard Sweeney, Paul Gerard von Sacken.

Sharon Irene Fluet, Heidi Ann Harter, Kathleen Ann Lyons, Corrine Enza Malandrino, Kathleen Edna McLarney, Irene Marie Nikonchuk, Yvonne Marie Paris, Nancy Ann Plummer, Kathleen Patricia Reilly, Cynthia Ann Royal, Lee Ann Servello and Nancy Elizabeth White.

## Planning For Fourth Observance

The annual town Fourth of July celebration will be held on the holiday, Tuesday, July 4, again conducted this year by the Andover Service club with the assistance of some town funds.

Many new additions are planned for the program this year which has proven successful in the first few years of its inception.

The committee planning the event is continuing its efforts to make this year's program bigger than a year ago and more detailed reports will be forthcoming as the holiday approaches.

John D. Lewis again is chairman of the committee, assisted by Mary Ellen Osgood, George Heseltine, Roger W. Collins, James McLeod, John Obert, Francis Reilly, Robert McQuade and William Martin.

## To Flush Water Mains

The Andover Water Department will be flushing water mains in the lower distribution system for the next two weeks.

The annual program will result in discoloration of the water at times while the work, necessary to clean the pipes is performed.

The general area to be worked on during this period covers roughly Lovejoy road from Lowell street to Holt road and the North Reading line to the

Lawrence line.

The annual program is conducted to rid the pipes of rust and other materials which encrust the pipes in the distribution system.

Fish minimize the effects of friction by releasing slime as the body movements create turbulence. This slime changes the consistency of the water so that it flows more smoothly. The smallmouth bass and some trout can reduce friction by 60 percent, the Massachusetts Audubon Society says.

## Roger Durkin is running for Congress He's an Independent Citizen

### Now you've got a Real Choice

#### The Roger Durkin Story

Roger Durkin and his family have deep roots in this District. His father, John J. Durkin has lived here for 50 years. Roger and his brothers were born here, have gone to school here, and have built their business careers here.

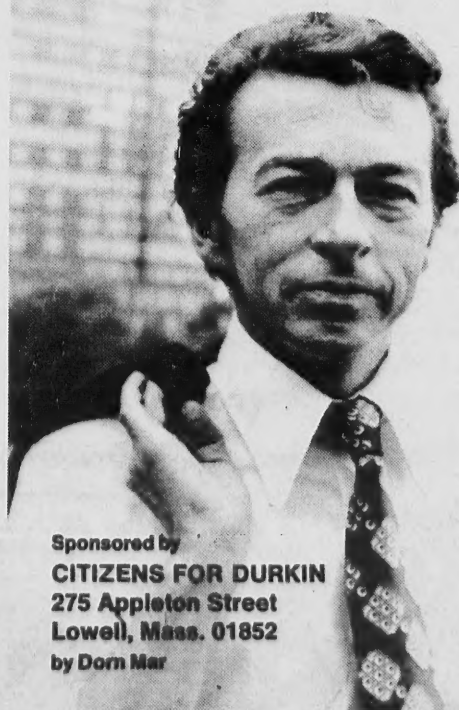

Roger Durkin went to Lowell High School, Newman Prep, and Merrimack College—graduating with an A.B. in Sociology. While at Merrimack he founded the Delta Phi Kappa fraternity.

During the early 1960's he was employed as President of Management Motivation Company, a management consulting firm, and as Vice President and director of sales for a Boston-based stock brokerage firm. In 1968, Roger Durkin established his own brokerage firm in Lowell and the Synercap Corporation, a real estate investment firm, the following year. Today he serves as President of both.

Roger Durkin is a tireless worker for civic and charitable groups and causes. He is a Director of the Greater Lowell Mental Health Association, the Lowell Humane Society, and the Jaycee Housing Corporation. He is a member of the Massachusetts Police Association, Rotary International, and the Massachusetts Jaycees—he is State Chairman of their 'Leadership in Action' Program. Durkin is an incorporator of Boys Club and an Advisor to the Committee on Minority Enterprises.

Roger Durkin lives in Lowell with his wife, Anita deSilva, and his four children, Diane and Dora—the twins—(9), Patrick (8), and Julianne (6 weeks).

He's a good citizen. He will make a great Congressman.

Since Brad Morse decided to move on to the UN the politicians for miles around have been swarming to the Primaries like ants to a picnic. The 'has-beens', the 'would-like-to-be's', and the 'also ran's' have been tripping over each other to announce their candidacies. Some have even moved in from outside the district. The Democratic Primary is beginning to look like a cross between a stampede and the demolition derby.

Who needs another Candidate? We do. We need a candidate who's not just another politician. We need a candidate who's a concerned citizen. We need an independent candidate who will owe nothing to any party or any machine. We need Roger Durkin.

Roger Durkin is running because we, his fellow citizens—Democrats, Republicans and Independents—have asked him to run. And we've asked him because we know he's the kind of man this District desperately needs to represent us in Washington—the kind of man this country needs in the Congress.

We believe when you get to know more about him you'll agree. Roger Durkin is a man with a genius for solving problems, for getting things done. And just look at the problems we've got:

The wearying, winless war in Southeast Asia grinds on and on while politicians play the easy game of armchair generals, each announcing his latest 'instant solution.' And meanwhile our prisoners of war and their families wait in endless anguish. On the home front taxes and prices keep climbing—gouging our earnings. The struggle to make ends meet becomes harder every day.

Our government seems indifferent and remote. The more power it gets the less it seems to know what to do with it. And our sprawling, wasteful welfare programs are a mess.

If we thought the politicians could bail us out we'd leave Roger Durkin alone to tend to his business, his family, and his civic and charitable interests. But let's face it. The politicians are the ones who got us into this mess. And there are no signs they're about to get us out of it. We believe an outstanding citizen, a man with a proven record of achievement in this community, a man with a deep personal concern, can help get us back on the track. We know Roger Durkin isn't just interested in the politics of power. He's interested in performance for people.

## Station Renovation Allowed

Cyr Oil Co., 100 Water St., Lawrence has been granted a special permit by the Board of Appeals to demolish an existing service station at 14 Main street and erect a new one.

The permit was granted following a hearing held May 4.

The property adjoins Memorial

Hall library and provisions were inserted into the decision to protect the town property during and after the contemplated renovation.

No storage tanks can be placed within certain proximity of the library building.

The present station has been operating as a non-conforming use and the board has granted continued operation under the law following renovation.

Multi-family residence buildings now within the property lines to the side and rear of the existing station are to be razed for the new construction and a platform construction to accommodate the new building.

## MAY WINE

May wine is the essence of springtime. It is traditional in some parts of Germany and Austria to celebrate the coming of spring with "maibohle," white wine flavored with the spring flower known as Waldmeister or sweet Woodruff. The first wild strawberries of spring go into the wine punch bowl too. The result is called May wine.

Since World War Two, many German wine shippers have

marketed a bottled May wine and it is also made by a few California wineries. You may also make your own, if you can find the Waldmeister, by steeping it in white wine and adding ice and strawberries.

This somewhat sweet, refreshing, flowery wine should always be served chilled - and it is not May wine unless it has the strawberries and perhaps even violets floating on top.

## \$134,000 Due From State DPW

Andover could receive \$134,000 in revenue from the special one cent gasoline tax voted by the legislature in 1971.

The state Department of Public Works announced this week that this was the share of the \$35 million expected to be distributed to the 351 cities and towns in the Commonwealth.

DPW Commissioner, in releasing the figure, said that the amount is the estimated total of the revenue from July 1, 1971 to Dec. 31, 1972.

The commissioner said that the estimates given the cities and towns are tentative and subject to change when actual receipts are known.

The formula by which the amounts were determined will remain the same and communities will receive amounts in the same ratio as in the estimates. Distribution of the funds will begin about Dec. 1, 1972.

The town of North Andover is expected to receive \$55,200.

The legislative act requires that cities and towns use the funds for highway-related work. There is more latitude than in the use of funds allotted under Chapter 90.

The new funds can be used for road construction and maintenance, sidewalk repairs, bridge painting, snow and ice control, highway lighting, cost of police operations connected with traffic patrol and similar uses.

## Permit Granted For Tower

Razing of two existing radio towers and replacement with a new one has been approved for the Curt Gowdy Broadcasting Corp. of Lawrence by the Zoning Board of Appeals.

The board, has allowed the construction of the new 403 foot tower necessary to the operation of the AM and FM broadcasting facilities of WCCM. No additional facilities are required, according to information given the board at a hearing held May 4 on the petition for a special permit.

The permit was unanimously granted with provisions included that the tower base shall be not less than 403 feet from any existing dwelling, the base anchor points for all guy wires and braces be enclosed and screening shrubbery provided at these points.

## Andover Tops Methuen, 2-1

By Rick Harrison

Dave Mosher and Steve Fabiani combined to lead the Andover Babe Ruth baseball team to a tense 2-1 victory over two-time defending champ Methuen last week at the Pelham Street diamond.

The triumph squared Andover's 1972 Greater Lawrence Babe Ruth League record at 1-1.

Once again rain played havoc with the locals' schedule, as games against South Lawrence West and South Lawrence East were postponed because of showers and wet grounds.

Mosher drove home the winning run with a clutch eighth-inning RBI single against Methuen, and Fabiani went the distance on the mound to pick up his first victory of the young season.

Fabiani, who posted a 4-2 record last year, scattered 10 hits fairly well over the long grind. Once again exhibiting good control, the righthander fanned seven and walked just one.

Methuen belted four long doubles and several other sharp singles, but left nine men stranded on base during the game.

Lefthander Bob Becotte was the tough-luck loser. He surrendered only three singles to the light-hitting Andover club, but eight walks hurt him and led to the first run for the winners.

Andover took a 1-0 lead in the top of the second inning. Jeff Winters led with a walk, and he promptly stole second. With one out Mosher singled to center-field, but Winters was nailed at the plate on a perfect one-hop throw from outfielder Sam D'Agata.

Mosher took second on the throw, and eventually came on to score when Becotte issued successive walks to Fabiani, Thom Lawler and Joe Grillo.

Becotte avoided further damage, however, by inducing Steve Galvin to ground out with the bases loaded.

Methuen tied the game 1-1 in the bottom half of the seventh stanza. Fred Simm, a regular on Methuen High's top-notch varsity team, led the inning with a first-

pitch single to center.

Fred Healy sacrificed him to second, and Simm came all the way around to score after a throwing error on the same play.

With darkness closing in, the eighth frame was designated as the final one.

Keith Verrette started the extra inning by beating out an infield hit. He advanced to second on a sacrifice bunt by Winters, and scored on Mosher's two-out single between third and short into leftfield.

In the Methuen half of the eighth, Fabiani retired the first two batters easily. Lou Kolofalos followed with a single to keep things alive.

Bill Bedrosian then lashed a hard grounder to the right side that appeared ticketed for the

outfield. However, Andover second baseman Steve Galvin made a great stop and wheeled around to erase Kolofalos on a forceout at second. That ended the tilt.

Methuen threatened throughout the game. Back-to-back singles by Jeff Weinhold and Becotte put two men on with no outs in the second. But Fabiani bore down to retire the next three batters.

D'Agata ripped a long-but-harmless two-out double in the third. In the fourth, Weinhold singled and was forced at second by Becotte. Fabiani then picked Becotte off first, after which Kolofalos hammered a long double to centerfield.

Healy led the Methuen fifth with a single, but he was erased on a doubleplay. D'Agata followed with a tape-measure double to right that did no harm, except for breaking Glenn Lefebvre's glasses when he made a futile dive for the ball.

Becotte stroked the final double in the sixth, but again Fabiani bore down to take care of the next two batters.

Andover's only other scoring chance came in the fourth, when Fabiani and Lawler received back-to-back walks with two out. However, the next hitter struck out.

Defensive stalwarts for Andover were shortstop Keith Verrette and third baseman Dave Mosher, who registered six put-outs and five assists between them.

Andover had three more games slated for this week, weather permitting. The locals met Tower Hill (Tuesday) and South Lawrence East (yesterday) after TOWNSMAN presstime.

Tonight at 6 p.m. Andover battles North Lawrence at the Playstead Field behind the East Junior High.

RETIRING. Miss Elizabeth McCarthy, a teacher at the Bradstreet School, North Andover, for over 40 years, examines the marks of her final class, as she prepared for retirement which will come at the end of the school year next week.

## There Will Be Something Missing At Bradstreet

By Robert E. Finneran  
Managing Editor

NORTH ANDOVER - The school system will be undergoing a substantial change with the closing of classes for the year next week.

Departing from one of the town's oldest schools, will be a teacher who has devoted over 40 years to teaching, and truly been well ahead of the so-called modern educational methods.

Miss Elizabeth McCarthy, who has been fourth grade teacher at the Bradstreet school will officially retire on June 20.

During her career, she has been familiar with such modern methods as ungraded system and team teaching, long before the experts decided these modes were best for today's youngsters.

A native of North Andover, Miss McCarthy went to the Merrimack School, now St. Michael's on Main street and graduated from Johnson High school.

Her first teaching experience was in North Andover as a substitute teacher following graduation from Salem Normal school.

Miss McCarthy then was appointed a teacher in a Vermont community where her classes were conducted in a one-room schoolhouse. Part of her duties there included stoking the fires prior to the sounding of the morning school bell summoning her charges to classes.

After two years there, she returned to North Andover and the Bradstreet where she has remained.

Her original assignment was in the old wooden building to the rear of the brick building on Main street. The structure, with its fireplaced classrooms was torn down and replaced with an addition to the present building about 25 years ago.

As an instructor there, it was

her responsibility to guide hundreds of youngsters through their fourth plateau of the educational process in company with a memorable team of instructors.

During her career she found time to obtain a degree from Tufts University and also a master's degree.

Also in her busy schedule is time for teaching swimming at the YWCA.

Doubtless, her first love was teaching and she performed her chosen tasks well, coping with about every childhood problem which could have presented itself during her lengthy span of service to the town, at the same time imparting the foundations of knowledge.

Her retirement, only a few days away, and richly deserved, evokes fond memories for a 'student' appreciative of her efforts of a few years ago, when he was a front row assignee, no doubt for closer observation.

Cards 7, Giants 0 - Keith McIntyre fanned seven during his mound gem for the Cards, which is the only team to beat the Giants this year.

The lone Giants' safety was an infield single by Lee Apgar in the first inning.

McIntyre helped himself with two singles, and Jimmy Arnold drilled an RBI single in the Cards' eight-hit attack. Defensive standouts for the winners were outfielders Dave Swartz, Scott LaRosa and Kane Grecoe.

Giants 4, Mets 2 -- Ace pitchers Jimmy Lee and Lee Apgar pooled talents for their seventh straight victory.

Both hurled three innings, and combined for a four-hitter and nine strikeouts.

The pair also starred at the plate, lashing two hits apiece and collecting two RBIs each.

Ed Reming contributed a key single to the attack, while catcher Dan Morreo and Lee were defensive standouts.

For the Mets, losing pitcher Tom Coffey also stroked a single.

Pirates 9, Mets 7 -- Trailing 7-6 entering the final inning, the Pirates rallied for three runs to pick up the victory.

Big righthander Tom Fogarty went the distance on the mound to register his second victory. Tom allowed four hits and fanned nine.

At the plate, Fogarty ripped a double and single. Lennie Driscoll and nine-year-old Dave Morton laced singles for the Pirates, while "rookie" Danny Caselden spiked a two-run single in the sixth.

Ken Southworth spanked a single for the Mets, who had scored five runs in the fourth inning to take a brief lead.

Cards 3, Pirates 2 -- For the second time in one week the Cards and Pirates went into extra innings, and for the second time the Cards pulled it out in

the seventh.

Highlighting the action was some fine pitching on both sides. Len Driscoll worked six innings for the Pirates and whiffed 10 batters. Tony Sanchez also went six strong frames for the Cards. Neither boy walked a batter.

Giants 9, Cubs 3 -- Lee Apgar swung the heavy lumber for the Giants in this game.

Apgar was 3-for-3, including a long three-run homer and a solid double.

Danny Morreo and Frank Pelletier drilled two singles apiece for the league-leaders, while Kevin Lynch had a timely single.

Frank Pelletier was the winning chucker, although he needed some sixth-inning relief help from Russ Serbagi.

Brian Mackie delivered a single for the Cubs, and Joe Develis pitched well in a losing cause.

Pirates 5, Braves 3 -- Len Driscoll muscled the Pirates to the triumph with a perfect 3-for-3 day at the plate.

The young catcher clouted a solo homerun, his second of the season, which tied the game 2-2 at the time. He also lashed two singles and scored three runs.

Steve Serley, Tom Fogarty and Mark Gould hammered doubles for the victors.

The mound duties were split among Mark Gould, Jeff Hinkley and Dan Caselden. The trio hurled two innings each, combining for a four-hitter and five strikeouts.

Dan White struck the key blow for the Braves, a two-run single in the second inning that gave them a temporary 2-1 lead. Marty Solomon pitched well in a losing cause.

White Sox 17, Red Sox 7 -- The high-flying White Sox exploded for six runs in the first inning, then added four in both the second and fifth en route to the lopsided victory.

Mike Henderson recorded his fifth pitching victory of the year, limiting the Red Sox to six hits and fanning 10.

Henderson was also 3-for-3 at the plate with a double and two singles. Mark Hinds went 2-for-2 with a two-bagger and single.

Eric Sullivan ripped a triple, Steve DeSalvo clubbed a double, Steve Phillips had a single and Dave Nardone singled for the victors.

Mike Anderson hammered a double for the Red Sox, while singles were added by Bob Beaudine, Randy Hayman, Bob Zwicker and Dave Farrell.

Ray Lynch was a defensive stalwart at third base for the White Sox.

## 260 To Continue Study

There will be 186 members of the graduating class of Andover High school attending four-year degree granting colleges in the fall, according to statistics compiled by the Guidance Department.

Of the 386 graduates, there will be 74 attending junior colleges, business, professional nursing, technical, agricultural

and preparatory schools.

The total number of students already admitted to schools and colleges beyond the secondary level is 260.

There are 89 graduates planning to enter full time employment, and five boys and one girl will serve in the armed forces.

Seven students, including two AFS students, are still on a pending list awaiting admission. Scholarships were awarded to 20 students, the awards not included in those presented at graduation.

Twins 14, Indians 0 -- Dave Wooten authored the third shut-out in the AL this summer, stopping the Indians on just two hits.

Meanwhile, his teammates were collecting nine safeties and erupting for seven runs in the fifth to seal the verdict.

Keith Eosefow sparked the Twins' offense with a three-run homer, his first of the year, and a crisp double.

Geoff Bragdon went 2-for-4, Manny Silva cracked a double, and singles were drilled by Willie Wright, Greg Nicastro, Willy Nikonchuk and Dave Wooten.

John Lee and Dave Hill had the only two hits off Wooten - both singles.

Red Sox 6, Yankees 5 -- The Sox scored all of their runs in the first, and then fought back a three-run Yankee rally in the last stanza to hang on for the victory.

Randy Hayman and Dave Farrell hurled three frames apiece, sharing a one-hitter with 14 strikeouts.

Eric Ketzler banged out a two-run single for the Sox, while Tim Dubois had two singles and one RBI and Frank Comparato singled.

Dave LaFleur produced the lone Yankee hit for the second straight game, blasting a two-run double in the sixth. Brian Feeney pitched three masterful innings of no-hit, no-run relief in a losing cause.

Defensive standouts were Yankee shortstop Charlie Souter, Sox catcher Tim Dubois and first baseman Bob Zwickler.

Indians 2, Twins 1 -- Dave Birnbach worked the first six innings on the mound, and Ed Comeau came on for the seventh as the pair teamed up for a brilliant no-hitter.

It was a tough setback for the Twins' duo of Greg Nicastro and Dean Russell, who surrendered only two hits in the loss.

Twins 8, Tigers 7 -- This contest put an end to one of the finest three-game series of the year in either league. The Twins won 3-2 and 8-7, while the Tigers grabbed the first game, 7-4.

Jerry Stabile fired a seven-hitter to gain the mound win for the Twins. He also went 3-for-4 at the plate, including a double and two singles.

Manny Silva was 2-for-4 with a double and single, Geoff Bragdon went 2-for-3 and Greg Nicastro had a two-bagger for the Twins.

Ricky Collins unloaded a three-run homer, his third HR of the season, in the opening frame for the Tigers.

Dave Alexander had three hits in four trips for the losers, while Neil Faigel was 2-for-4 and Jamie Dion spiked a double. Pitcher Bob Kramer was the tough-luck loser.

Defensively, 10-year-old Kevin Daley starred at second base for the Twins. He started a doubleplay that cut down the potential tying run at the plate.

Willy Nikonchuk also made a fine catch at the leftfield fence to rob the Tigers of another run.

## Indebtedness Of State Is Increased

Massachusetts' bonded indebtedness is nearing the one billion and a half dollar mark, State Treasurer Robert Q. Crane noted

today in his latest monthly financial report.

As of June 1, the Commonwealth's bonded indebtedness was \$1,428,132,000 as compared to

\$1,180,533,000 on June 1, 1971, Treasurer Crane reported.

The state's cash balance increased \$5.5 million in May over April, the state treasurer also

reported. For May the cash balance was \$59.3 million while in April it was \$53.8 million.

An increase in May receipts to \$539. million over May's \$533.4

million disbursements, Treasurer Crane pointed out, resulted in the cash balance increase.

Interplanting is placing plants which repel certain pests among other plants. Garlic near roses guards against blackspot, mildew and aphids. Geraniums among roses or grapes are a deterrent against Japanese beetles; parsley helps ward off rose beetles; marigolds are toxic to soil worms, and basil helps repel flies.

Dear Patient -

If I'd to do without my Eagle-Tribune for even six months I'd be more than concerned - I'd be furious. But how you've managed without the local gossip, the national news and all the bargains in the ads in Essex County's largest and liveliest paper for six whole YEARS is really beyond me. By all means call 686-4171 immediately and ask for Miss Moran. If you want your husband back too, of course all that takes is an Eagle-Tribune Classified Ad.

## Loosigian Gets Degree

### At Bates

Wayne V. Loosigian, son of  
Mr. and Mrs. Suren Loosigian of  
3 Blanchard St., received the  
degree of Bachelor of Arts at  
the 106th commencement of Bates  
College on Monday, June 12.  
Majoring in history, Wayne was  
the proctor of the college's  
infirmary for four years. He was  
a Residence Fellow in his dormi-  
tory his senior year, and a  
member of the student-faculty  
Residential Life Committee.  
Active in the Bates Outing  
Club and its Council for four

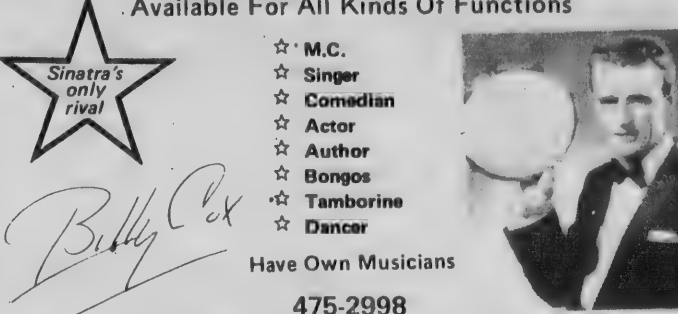

years, Loosigian was president  
of the Outing Club this year. He  
was a member of the Hockey  
Club and participated in men's

intramural sports for four years.  
This month Loosigian was elected  
to the College Club, a Bates  
alumni service organization.

The league-leading Tigers and the pursuing Senators each won three games this past week with only a week of action remaining in the American Minor league. The Tigers seem designed to capture the title, but the Senators are continuing their winning pace. The Tigers topped the Red Sox, 8-2 with Brian Bronson winning his fifth game. Joel Smith drove in five runs for the victors while

Bill Koehr and Scott Mattheson banged two hits apiece for the Sox. Terry Schweng was fielding star with two great catches.

The Tigers toppled the improved White Sox, 13-8 with Barry Neland's double sparking the win. Bruce Turgess also doubled for the Tigers.

The league - leaders also scored a big victory over the Orioles, 14-7 behind Terry Reilly's fine pitching. Joel Smith scored four runs and Brian Bronson homered to right field. Jim Allen, Doug Mesler, and Robert Reilly provided solid hitting for the Orioles and Ken Forbes made the catch of the game in right field.

The Senators kept pace beating the Patriots 14-2. The winners with the heaviest hitting in the league, are now getting top defense as well. Jim Rathbun allowed only four hits, while the Senators scored three runs in the first inning on a double by Jeff Rosen and singles by Charly Jurgea and Larry Starr. The winners scored five in the second inning on Starr's bases loaded double followed by Jeff Sarkisian and Jody Yameen hits.

The Patriots scored the base running of Melvin Berger and triple by Heydon Traub.

The Senator's overwhelmed the Yankees 24-6 as Eric Carlisle wallowed a single, double and triple for hitting honors. Don

McEvoy had two hits and Jeff Sarkisian two bases loaded singles.

Tom Rourke, Chris McDaniel and Peter Newton had timely hits for the Yanks.

The Senators concluded the week with an 8-0 win over the Angels, notching the only shut-out of the season. Jim Rathbun scattered three hits, allowed no walks and had 13 strikeouts. Eric Carlisle's single scored two runs in the first and he continued with a home run in the third. The big inning for the winners was a four-run fifth.

Rick Rotolo, the losing pitcher gave up two walks and struck out 11.

The Angels turned around with a 14-9 win over the Yankees. Kevin Lafferty allowed four runs in the first and five in the sixth but registered shutout innings in between to gain the victory. Lafferty helped his cause with a triple. Doubles by Rick Rotolo and Rich Welsh provided the offensive attack.

The Yankees were also scuttled by the Patriots, 17-7. Darren Machado's big triple drove in three runs to put the game on ice in the seven-run sixthinning. Heydon Traub pitched well for the Patriots. Bright spots for the Yanks were Brian Rourke and Scott Praetz, each with two hits.

The Orioles held on to third place with an 11-1 win over the hard hitting White Sox. The pitching of Doug Mesler and Steve Neyman was sharp for the O's.

The White Sox turned around and tied the Red Sox 9-9 as they sharpened for the inter-league playoffs.

The playoffs will be held for teams two through eight of the American league meeting corresponding teams in the National league. The two league champions will then meet to determine the town titlist. Dates for the playoffs will be set at the end of the regular season play.

The standings: Tigers 12-1, Senators 11-2, Orioles 7-5, Red Sox 6-5, Angels 5-7, Patriots 4-8, White Sox 2-10 and Yankees 2-11.

## National Minor Loop Results

Astros 4, Giants 1 - In one of the best played games of the season, the league-leading Astros edged the Giants in a game which featured outstanding pitching and defense on both teams.

The Astros scored all four runs in six hits in a big secondinning. A triple by Tony Frank and a double by Ted Paris were the big hits for the winners. Seth Lloyd, the winning pitcher scattered six hits and four walks while the Astros' infield gobbled up fifteen grounders, six by the pitcher.

For the losers, Dave Grant pitched extremely well, retiring 12 of the last 13 batters he faced. Ted Bartholdi and Mike Lynch were the hitting stars, each collecting a single and a double while defensive honors went to Scott Boucher who sparked at second base.

Cardinals 11, Pirates 2 - The amazing Cards, playing one of their best games of the season, held the hard-hitting high-scoring Pirates to two runs behind a masterful mound performance by Sean Parker. Parker faced only 21 batters, striking out 11 while allowing only one walk.

Jim Thompson, Dave Seeley and Dave Bono were the big guns for the Cardinal offense while the airtight defense was spearheaded by Paul Seeley, Jim

Thompson, Peter Gravellese and Eric Wilson.

Astros 10, Cardinals 6 - Superb team defense and excellent pitching by Tony Frank who hurled the entire game were the big factors in this one. Ted Paris with a homer and double and Ed Darby and Tom Lloyd with two hits apiece provided the slugging.

Dave Seeley's home run and two solid hits by Paul Seeley were the big noise for the losers.

Phillies 17, Dodgers 8 - Greg Weissman clouted a grand slam home run and Scott Kelsey banged out a three run homer to lead the offense as the Phillies overpowered the Dodgers. The fielding gem of the year was pulled off by the Phils who recorded a triple play. A liner to Gary Grant who threw to Ed Adamsky doubling up a runner at second and a quick toss to Bill Dufresne at first completed the triple kill. Robby Johnson played outstanding in the outfield for the Phils.

Mark Winer, had three singles, Paul Vayanos, Dan Dupuis and Byron Cleveland two hits each for the losers. Ron Boothby was outstanding behind the plate for the Dodgers.

Pirates 8, Giants 6 - Ted Teichert held the Giant hitters at bay as his mates led by Keith Williams with three hits and John Grecoe and Matt Tomlinson with two hits each knocked in eight runs to gain the victory.

For the losers, Andy Billings notched another good pitching effort, Ted Bartholdi poked three safeties and scored three runs while Scott Boucher and Matt Billings chipped in two hits apiece.

Redlegs 7, Braves 1 - Ray Umanzio pitched another magnificent game allowing a hard-hitting Braves team but a solitary run. Steve Vayanos contributed three singles and drove in three runs and Tom Busta doubled and scored three times for the winners.

Starring for the Braves were Kevin Seifert who pitched a fine game striking out 13. David Stein collected three hits in three appearances at the plate and Andy Weil and Bill Scheerer each had two singles.

Cardinals 13, Redlegs 11 - A determined effort by the whole Cardinals team succeeded in defeating the league-leading Redlegs. Well tagged hits, including a home run by Dave Seeley, were contributed by Jim Thompson, Paul Seeley and Paul Hempstead.

For the losers, Tom Busta clouted a grand slam homer and Jim Hamilton hoisted one over the wall with a mate aboard. Steve Vayanos also had a homer and three singles.

The standings: Astros 8-4, Phillies 7-5, Redlegs 7-5, Braves 7-6, Pirates 7-6, Cardinals 6-7, Dodgers 5-8, and Giants 3-9.

## Summer Tennis Is Offered

A modified YMCA summer tennis program will be offered on the Pearson Farm courts of Phillips Academy. The offerings include women's instruction on Thursdays 10:30-11:45 a.m., instruction for boys and girls 10-14 years of age on Tuesdays 10:30-11:45 a.m., informal play for women on Tuesdays 9:15-10:30 a.m. and informal play for adults on Wednesday 6 p.m. until dark.

Registrations for this program, starting the week of June 26, are now being accepted at the YMCA, 10 Brook St.

The first observance of Father's Day was June 19, 1910.

**THIRD GENERATION.** At a recent meeting of Philanthropic Education Organization, Andover Chapter, Louise Hempstead became a third generation member of the organization. Louise was initiated by her mother, Mrs. C. F. Hempstead, left. Her grandmother, Mrs. L. J. Streinz, an Iowa P.E.O., was a visitor. The organization began in the midwest and assists in furthering the education of young women.

## Life Saving Candidates Certified

During its recently concluded Spring Term the Andover YMCA conducted two Red Cross Senior Life Saving courses at the Phillips Academy pool, one for men and the other for women.

Instructors for the courses were Richard P. Cate, Elaine Kent, Edward Ratyna, Shirley Ritchie and Joyce Milligan.

A total of 62 individuals enrolled for the program which started the first week in April;

39 received certification after fulfilling the requirements, as follows: Henry Anderson, Mark Gillespie, Nate Lee, Richard McKallagat, Tom Meredith, Chadwick Nehrt, Mark Pellegrini, Bill McPadden, all from Phillips Academy; Peter Coffin and Calvin Vinal from Brooks School; Anna Lisa Addante, Hollis Connor, Valerie Corning, Angie Deitrick, Debbie Schuller and Margie Snelling, all from Abbot Academy; Mark Savukinas

and Pauline Hamel from North Andover; and the following Andover residents: Rick Clendaniel, Chris Cullinan, Barry Issenberg, Bruce Gaynor, Dean Hart, Wayne Murray, John Pallone, David Starkweather, Bob Wright, Helen Belluschi, Justine Collins, Cheryl Foster, Josie Gordon, Betsy Kearns, Barbara McEvoy, Nancy Retelle, Robin Stupack, Lisa Tacconi, Susan White; also Mary Fleming and Nancy Long from Merrimack College.

## Bloodmobile Scheduled

Back to back bloodmobile visits will provide Andover donors with an opportunity to give a protective pint of blood before leaving for vacation.

The Elks Lodge, Order 2198, will sponsor a visit June 22 from 1 to 7 at the club, 400 South Main St., Andover. A committee of the women's auxiliary under the chairmanship of Mrs. James J. Eldred, is actively recruiting donors and they also will assist on the 22nd, serving as hostesses, typists and canteen workers under the supervision of experienced Red Cross vol-

unteers. Excellent parking facilities are available and all donors are welcome whether or not members of the lodge.

The following day, June 23 from 10 to 2 the unit will be in operation at the Red Cross Chapter, 4 Punchard Avenue. On both days, donors either with or without appointments, will be appreciated.

Accident and illness take no holiday so call 475-1496 for your appointment, June 22 or June 23. It could mean the difference of life or death to a friend or neighbor or family member. Act now!

## To Observe San Juan Day

San Juan Day will be celebrated Saturday, June 24, at the Plains Community Center in Lawrence, with a special Puerto Rican buffet dinner and program. The affair to begin at 6 p.m. with a social hour is sponsored by the International Institute of Greater Lawrence, Inc.

The buffet dinner, being prepared under the direction of Mrs. Candida Pizarro, Institute Spanish Nationalities Caseworker, will feature roast pig, meat pies, island style potato salad, rice with pigeon peas and tembleque — a special Puerto Rican dessert.

Oscar Rodriguez will be master of ceremonies for the bi-lingual "Community Salute to Puerto Rico" program. Mayor John J. Buckley will bring greetings from the city of Lawrence and Attorney Roman Santos Isaac, candidate for State Senator in Puerto Rico, is scheduled to

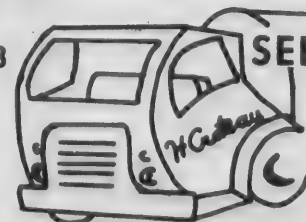

speak. Atty. Isaac, a graduate of the Harvard University Law School is a brother of Mrs. Pizarro, Mrs. Silvia Perroza, bi-lingual teacher at the Lawrence High School, Mrs. Juanita Jaime, employee at Western Electric, and Mrs. Juanita Adames, employee at Raytheon. Puerto Rican music will also be provided by local Spanish-speaking musicians.

Tickets may be obtained by contacting the International Institute, 430 North Canal Street and GLEAM, 362 Park St., Lawrence.

Some plants are partly poisonous; the following are poisonous throughout: oleander, mountain laurel, rhododendron, yew, caladium, privet, jessamine, buttercup, crocus and jack-in-the-pulpit, the Massachusetts Audubon Society says.

## 20 To Attend Dartmouth

William "Bill" Burke, Jr., a standout track performer at Andover High School and a resident of Andover, will attend Dartmouth College in September as a member of the class of 1976.

Burke, who was captain of cross country, indoor and spring track at Andover, led his team to the Merrimack Valley League for three straight years and the Class B championship in 1970.

Dartmouth track coach Ken Weinbel was pleased Burke decided on Dartmouth. "Bill is a dedicated athlete and it looks like he might be a fine track prospect," said Weinbel.

"We feel Burke can make a significant contribution to the Dartmouth community and to our track program," added Weinbel.

## Registration Open At North Essex

Students began registering for summer courses at Northern Essex Community College yesterday in the gymnasium of the colleges' campus at 100 Elliott St., Haverhill.

Summer sessions sponsored by the NECC Division of Continuing Education, are held in two sections. Morning section classes meet Monday through Thursday mornings. Evening section classes meet on Monday and Wednesday or Tuesday and Thursday. Sessions last eight weeks. Classes begin on June 19.

Registration will be held all this week from 9 a.m. to 4:30 p.m. and from 6:30 p.m. to 8:30 p.m. There is no evening registration on Friday, June 16.

All courses equal a full semester of college work. There is no admission requirement for summer classes. People without a high school diploma and students still in high school may take credit courses. Most of the colleges' basic courses are offered for the summer.

For more information, contact the Office of Continuing Education at the college.

## For Those Of Us Who Are Older

The excellent cooks of The Haven Associates will have a table at the Andover Sidewalk Bazaar, Friday, June 23. All those who plan to contribute to the sale are asked to bring their goodies to the table some time after 9:30 Friday morning. And all those planning to buy should know that The Haven Bakery table will be on Friday only.

### Tax Rate

(Continued from Page One)

lature a year ago.

While there still is substantial work to be done before establishing Andover's 1972 tax rate, the new estimates provide a source of relief for the local taxpayer.

On the darker side of the annual Cherry Sheet, so-called because of its color, are the estimated costs to the town for 1972 for the operation of county and state government.

County government, the controversial operation, will cost Andover taxpayers more in 1972. Last year the town was assessed \$269,419.47. That figure this year will be \$274,388.08.

Other costs to the town are: state recreation areas, \$55,308.32, as compared to \$42,828.66; audit of municipal accounts, \$4,196.54, vs. \$4,453.59; state retirement system, \$194.40, down from the 1971 figure of \$1,372.94; retiree health insurance, \$1,840.97, up from \$1,324.17.

A new account, air pollution control, will cost the voters \$405.55 this year.

Motor vehicle excise bill processing will be \$2,358.60 this year as compared to \$2,477.40 last year, and participation in the Ipswich River Watershed area will cost \$3,009.18 this year. Last year the cost was \$2,414.10.

The town has not funded a mos-

number of years, and Chairman  
Robert A. Watters felt that if any

## Junior College To Dissolve

The Board of Trustees of  
Bryant McIntosh Junior College  
voted Monday, June 5, to suspend  
operation of the 92 year old Law-  
rence school. The Board cited  
decreasing enrollments in re-  
cent years and financial difficul-  
ties as the reasons for the  
closing.

The Board assured the stu-  
dents that the administrative staff  
would be available at the school  
to assist them in transferring to  
other colleges. They also indi-  
cated that arrangements are  
being made to permanently main-  
tain the records of former stu-  
dents.

Bryant McIntosh has served  
the Lawrence area since its  
founding in 1880. In that year,  
Gordon C. Cannon, a pioneer in  
commercial training, opened his  
first school in the Bay State  
Building. The school was pur-  
chased by Edward D. McIntosh  
in 1928 and continued to operate  
as Cannon Commercial College  
until 1932 when it was renamed  
the McIntosh School of Business.

Edward T. Sheehan became

owner and principal in 1945 and  
remained as such until 1966.  
At that time, Edward C. Bryant  
was elected president of the newly  
incorporated Bryant McIntosh  
School of Business.

In October, 1968, the school  
was accredited as a Junior Col-  
lege of Business; and in July,  
1969, Dr. Howard C. Reith was  
elected president. In January,  
1970, Bryant McIntosh Junior  
College was granted the author-  
ity to award the Associate in  
Applied Science Degree.

Thousands of men and women  
in the Merrimack Valley area  
are proud to say, "I was trained  
at McIntosh," and the many con-  
tributions made by Bryant Mc-  
Intosh to the community will be  
missed.

A year ago, the Lawrence-  
school took over the former  
Shawsheen Manor as a dormi-  
tory and teaching facility for its  
hotel-motel management course.

After considerable contro-  
versy, during which abutters ob-  
jected to the proposed use, the  
school was granted a lodging  
house license by the selectmen.

Renovations were undertaken  
at the facility.

## Dog Show Saturday

A Boston Terrier, A.K.C.  
sponsored match, sponsored by  
the Boston Terrier club of  
America, parent organization,  
will be held Saturday, June 17 at  
the home grounds of Gus and Mary  
Piazza, 519 South Main St., Route  
28. The show will open at noon  
and a home cooked Italian lunch-  
eon will be served.

Trophies, prizes and ribbons  
will be awarded and, in addition  
to the ever popular puppy classes,  
there will be junior handling  
classes. Spectators and exhibi-  
tors are invited to attend. The  
Boston Terrier is a native  
American breed and was devel-  
oped in Boston around 1870.

Mrs. Natalie Detuccio of Hart-  
ford, Conn. will judge the show.

## Music To Our Ears

By Edward P. Grigoli  
Director of Music

The first movement of a typi-  
cal nineteenth-century sonata is  
generally "Allegro". This is, as  
a rule, the most important of  
the movements as regards to  
structure, wealth of thematic  
material, and ingenuity of devel-  
opment. The second movement,

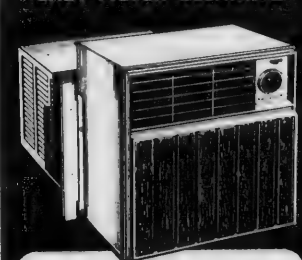

for contrast, is "andante" or  
"adagio" in Tempo, and cantabile;  
this is the most lyrical  
and melodic movement of the  
set. The third movement, often  
a "minuet" or "scherzovivace"  
in character, is the dance move-  
ment, strongly rhythmical and  
sprightly. The fourth movement,  
like the first, is elaborate and  
structurally of impressive di-  
mensions. In the classical sym-  
phony it is generally a rondo-an  
allegro molto or a vivace built  
on a dance pattern. In the nine-  
teenth century, the fourth move-  
ment more often became a  
triumphal climax in which the  
struggle and aspiration of earlier  
movements were brought to their  
resolution. Sometimes compos-  
ers reviewed in the final  
movement the themes of the pre-  
vious movements, thus unifying  
their work most effectively.

We have, then, in the typical  
sonata, a sequence of four move-  
ments, of which the first and  
fourth are fast and intricate; the  
second slow and lyrical; the third  
lively, strongly rhythmic, and  
dance-like. Sometimes composers  
switch the second and third move-  
ments about. In this "Pathetique"  
Symphony, Tchaikovsky delib-  
erately transposes the slow move-  
ment to serve as a finale, in the  
celebrated "Moonlight Sonata",  
Beethoven begins with an adagio  
and follows it with a minuet and a  
presto; but this is a composi-  
tional, essential, and self-evident  
Romantic inspiration necessitat-  
ing its unusual order.

## Strawberries Arriving

Fresh, vine-ripened, locally-  
grown strawberries will be found  
this week at most roadside mar-  
kets, reports the Massachusetts  
Department of Agriculture, as the  
short season -- only four to five  
weeks -- begins here. Plump and  
juicy, fresh-picked, they're  
worth going out of your way to  
find.

Native Massachusetts straw-  
berries are usually put up in  
quart baskets, as opposed to the  
imported fruit, ordinarily packed  
in pints. Look for bright, overall  
sparkling red berries with bright  
green, unwilted caps. Pick up the  
box. If it leaves a ring on the  
shelf, it may not be quite fresh.

Strawberries have been popu-  
lar throughout much of the world

for centuries. They are used in  
more dishes -- desserts, salads,  
preserves, for example -- than  
almost any other fruit. Simplest  
and most delicious shortcut for  
dessert is strawberries and  
cream.

First discovered growing wild  
in Chile and Peru, the plants  
were brought to France, where  
strawberry cultivation reached  
a high art in the early 1700's.

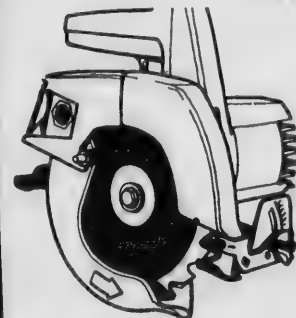

Some local growers invite the  
public into their strawberry  
patches to pick their own. You  
may find an ad or two in your  
local paper telling you where to  
find them.

## 22 Receives Honor At Boston College

Edmund S. Sullivan, 4 Rolling Ridge Road, was one of the graduates of Boston College honored at Baccalaureate and Commencement exercises at the Chestnut Hill school recently.

Sullivan was the recipient of the Stephen A. Shea, S.J., gold medal for having the highest average in all courses in philosophy during the four undergraduate years at the School of Management.

Congress granted citizenship to American Indians in 1924.

## Mrs. Johnston B. A. Degree Recipient

The daughter of an Andover resident, Mrs. Elizabeth S. Johnston, received a bachelor of arts degree from California State College, San Bernardino.

Mrs. Johnston, daughter of Mr. and Mrs. Harold P. King of 50 Ballardvale Road, earned her B.A. in English at the conclusion of spring quarter. Commencement exercises were Saturday, June 10.

Mrs. Johnston resides at 1627 Cable Canyon, Devore, Calif.

chairman and developed a new promotional calendar.

He also increased the yearly advertising budget and dealt severely with the problem of shoplifting during his chairmanship which also included responsibility for instituting a new Christmas lighting program for downtown Andover.

Cone received the Community Service Award which is presented to a citizen for his outstanding contribution to the Town of Andover. Cone possesses both a B.S. and a Masters degree. He served in the Peace Corps in Liberia, Africa from 1963-65. He has been an instructor in Biology at Phillips Academy since 1966 and was acting chairman of the department from 1971-72. He has been the advisor of the Natural History group at Phillips since 1967.

Perhaps more important to us as citizens and businessmen of Andover, Cone is better known for his concern for the environment. He has been an advisor of the Andover Ecology Action organization since its founding in 1969. He is a founder and original vice president of the Shawheen River Watershed Association and currently serves as a director. He is also a director of AVIS.

Cone has done more than his share in fostering environmental control in Andover. He is a true inspiration to his students, his friends and to the citizens of Andover.

Other officers elected included: Jerry M. O'Donoghue, vice president; John J. Callahan, treasurer and Mrs. Marian S. Carpentier, secretary.

Neill, account executive with the Smart & Flagg Insurance Agency, was elected 1972-73 President.

Neill has served as Vice President of the Chamber. Two years ago he assumed chairmanship of the Membership Committee and has increased Chamber membership from 88 to 140 members, the largest in the Chamber's ten year history.

Neill attended Sutton County Grammar School for Boys, Kingston Technical College and Redhill Technical College, Surrey, England. He served in the

Naval Air Reserve through 1962-69.

Neill resides on Washington Street in West Boxford with his wife, Jean and two sons, Brian and Christian.

Jerry M. O'Donoghue replaces Neill as Chamber Vice President. O'Donoghue, Innkeeper of the Andover Inn, has served the Chamber as both an officer and director.

O'Donoghue lives at 87 Bartlett Street, with his wife and five children. He attended Castle Knock College, Dublin, Ireland.

O'Donoghue is a member of the American Hotel and Motel Association and serves as a director of the New England Innkeepers Association and the Essex County Tourist Council.

John J. Callahan replaces O'Donoghue as Treasurer. He is President of the John Callahan Associates and has served the Chamber as a past officer and director.

Callahan attended Farmington High School, Farmington, Connecticut, Tri-State College, Indiana and the University of Notre Dame. He served in the Navy from 1946 through 1950.

Callahan is a member of the National Society of Professional Engineers and the American Society of Civil Engineers. He resides at 116 High Street, Andover.

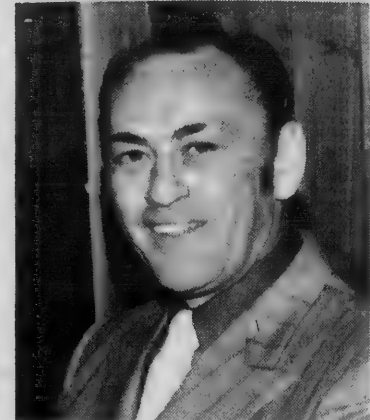

Mrs. Marian S. Carpentier replaces Callahan as Chamber Secretary. She is president and owner of Yankee Lady, Inc. She is a past Chamber director.

Mrs. Carpentier attended Lawrence High School, Wilfred Academy and Bryant and Stratton. She is past president of SINA-MAR Women's Club and is active in the PTA, the March of Dimes and the Home for Little Wanderers. Mrs. Carpentier resides with her husband at 125 Heath Road, North Andover.

The following were elected as Chamber Directors for a two year term: John P. S. Doherty, William B. Maren, Atty. Andrew F. Shea, III and Robert E. Webster.

Directors who are completing the second year of a two year term included: Raymond E. Fuller, Bernard C. Murray and Robert L. Reddish.

## Jaycees Planning 'Great Race'

"The Great Race," will be a feature of the annual Sidewalk Bazaar.

The race, to be conducted by the Andover Jaycees, will involve bicycles and have two divisions. Participants must be over 14 years of age.

The divisions will involve five to ten speed bikes and three speed bikes.

There will be both mens and ladies divisions also.

The race will get underway at the bandstand in Memorial Park at 10 a.m.

Registration may be made at the Jaycees Booth during the bazaar.

## Platform Group Hearing

The National Democratic Platform Committee will conduct a public hearing in Andover at 8 p.m. on Thursday, June 15, in Memorial Hall Library.

The hearing is sponsored by the Andover Democratic Town Committee and the 5th District Delegates to the Democratic National Convention, and it is one in a nation-wide series of open sessions on proposed planks for the Democratic Party platform.

All citizens of Andover and neighboring communities are invited to attend this hearing. If they wish, they may speak out on

the specific issues and policies which they feel should be included in the 1972 Democratic National platform.

### IMPROVEMENT CAN BE COSTLY

You can make a million mistakes trying to sell your own house. And one of them is making the wrong improvements. Many times, an expensive addition or repair can be the kind of thing that'll cost you far more than you get back.

True, the house should present a favorable appearance - mowed lawn, trimmed shrubs, and no obvious indications of neglect, but it's rare when a large financial undertaking will bring more than its cost in the final selling price.

There is always the financial risk of miscalculation too. Home repair costs frequently end up a lot higher than originally anticipated. You may end up with a faster sale and less inconvenience if you lower the selling price an equivalent amount.

Instead of guessing as to how much, if any repair work to undertake, see a good Realtor. He can tell you what to do to make your home more salable. And what not to do so you won't lose money.

Whether a buyer or seller, you will have complete confidence in JAMES T. TREFREY REALTOR. chewing off the collar and chain on occasions.

Selectman Alan F. French said that he felt some definitive action should be taken, but not quite as drastic as destroying the canine.

He said he knows of instances where such animals were welcome on farms or rural areas. He suggested that Goodman be given a fixed amount of time in order to get rid of the dog, keeping the canine restricted on a 24-hour basis.

Goodman said that he would keep the dog restrained, but Chairman Robert A. Watters told him, "your record has not been good in that regard."

Selectman Milton Greenberg felt that placing the dog elsewhere, left something on the conscience of the local board.

Selectman Roger W. Collins felt it was a difficult decision for the board to make.

When it was determined that the only action the board could take was to have the dog destroyed, French withdrew his suggestion and Town Counsel Alfred Daniels took a sworn statement from Kennedy as to the dog's disposition.

The board then unanimously voted to have the canine destroyed.

## Candidates Forum Is Scheduled

A Candidates' Confrontation - designed to provide voters of the Fifth Congressional District with a penetrating insight into the views of Democratic candidates for Congress - will be held Wednesday, June 21 in the Billerica High School at 8 p.m.

The meeting, open to all District residents, is sponsored by the Fifth Congressional District Citizens for Peace/New Priorities.

At least eight candidates for the Democratic nomination have accepted invitations to speak and be queried by members of a panel of District residents.

Panelists will be:  
Steven Worth of Chelmsford, a professor of government at Northeastern University;

Jim Pitts of Groton, a member of the Platform Committee of the Democratic National Convention and, by profession, a marketing analyst for Digital Equipment Corp. of Maynard;

China Altman, talkmaster of the Now Generation program on WRKO radio and a resident of Andover.

In addition to answering the panelists, candidates presenting themselves to the meeting will respond to questions from the audience.

At the end of the evening, a straw ballot will be taken, giving each person present an opportunity to indicate a first, second and third preference "if the election was being held tomorrow." Results of the preferential ballot will be made available to the candidates and voters of the District.

The six candidates who have indicated their plans to attend the Confrontation are in alphabetical order: John Desmond of Lowell, Anthony DiFrancia of Lawrence, Helen Droney of Lowell, Robert Hatem of Lowell, Robert Kennedy of Lowell, John Kerry of Lowell, Daniel Kiley of Lawrence and Richard Williams, also of Lowell. Several other candidates have held open the possibility of their attendance.

In a letter to all of the Democratic candidates for Congress in the District, the sponsoring Citizens Committee pointed out that its members have a "particular concern for the complete and immediate withdrawal from Vietnam and a subsequent cutback in non-essential military spending. . . and a redirection of resources and energy to the solution of the critical problems of (1) our decaying

cities, (2) the ecological destruction of our environment and (3) an economic system that punishes the poor and rewards the wealthy."

The letter continues: "We seek the promotion of federal legislation that will -

(1) Redress the inequities of our present tax structures;

(2) Make adequate health care universally available to all citizens;

(3) Direct the government to lead in the elimination of racism and sexism in our culture;

(4) Provide quality education for all;

(5) Attend to the chronic problems of unemployment, poor housing and welfare.

"We seek a Congressman who will not only reflect our concerns and perceptively lead in the building of a renewed America, but will sensitively represent the citizens of this District" the letter states.

Of special concern to the Citizens Committee has been the real possibility that, because several candidates can meet these objectives, there will be such divided support as to make the nomination of a candidate who does not share these goals a possibility.

For that reason, and because many residents of the District are not acquainted with all the candidates the Committee planned this Confrontation.

Members of the Steering Committee who actively planned the event are chairman, Penny Pitts

of Groton; secretary-treasurer, David Young of Andover; Eva Disheroon of Pepperell; Francis Pollard of Lowell; Thomas Rees of Andover; Ann and Beth Suprenant of Littleton; Marion True of Chelmsford; Susan Whelan of Billerica; Richard M. Woodman of Andover.

## To Participate In Action At Capitol

Women from all parts of the country will be converging on Washington on Thursday, June 22 in a response to the Associated Press picture published last week of napalm-burnt children fleeing in terror from the South Vietnamese A1 Skyraider strike. Women and children of this country in identifying themselves with the mother carrying her mutilated baby who later died will form a ring around the Capitol and beseech their representatives to end the terrible suffering without further delay.

A number of Andover women and children will be among the thousands expected in Washington for the occasion.

Buses will be leaving Riverside Station in Newton at midnight, June 21, and returning after the June 22 action.

## Mosquitoes

The selectmen have undertaken an almost insurmountable task.

At this week's meeting, a group of residents seeking relief from mosquitoes and ticks, rampant this year, appealed for assistance, either immediately or in the future.

As appealing as the idea of spraying to relieve the condition is, most assuredly the town's ardent conservationists and ecologists will oppose any promulgation of pesticides in the atmosphere.

So, the selectmen, who characteristically go to great lengths to please all of the people all of the time, now are faced with a division within the populace.

To come up with a placated community, the board must now find a way to provide relief for the humans who spend a majority of their time smacking themselves like Swedish slap dancers, or remaining secluded as mosquitoes do their thing, while at the same time easing the minds of conservationists who fear for the environment, birds, etc., should any relieving vapors be released in the atmosphere.

The mosquito problem this year is particularly bad, no doubt due to the wet spring.

It must also be borne in mind that in Andover, we are dealing with a determined species of pestiferous monsters who doggedly seek their prey.

It is said that Phineas T. Poindexter, a former old time resident in the south section of Ballardvale remained awake one whole night to find how the 'skeeters' were invading his well-screened home.

Phineas found that one skeeter buzzed at the speed of jet toward the miniscule opening in the mesh, his thrust carrying half-way in the window. Directly behind was a kamakaze skeeter in hot pursuit which rammed the initial skeeter the rest of the way into the home.

Modern day owners of well-screened homes, have attested to Phineas' earlier findings, having been awakened at odd hours in the night by a buzzing insect of prey.

One solution to the problem, was the introduction of Purple Martins to the area. These birds feast on mosquitoes and would possibly be welcomed to dine on Andover's swamps, but therein lies a problem.

The planning board has regulations prohibiting multi-family dwellings in certain areas of town, and the Martin flock are a bit clannish and generally congregate in apartment style ornithological digs to do their thing.

Another suggestion put forth recently was to supply residents with two small boards. One board would be used to place a mosquito thereon, the second board to whack the insect. But this may also have ecological overtones, wood being derived from trees.

In Wilmington recently, the town undertook to relieve the mosquito problem and protect the children by spraying and fogging. But the problem amplified when the kids chased the trucks and spraying machinery to a point where the town manager had to take an ad in the local newspaper warning of the dangers of such childish antics.

We wish we could assist the selectmen in making the proper and equitable decision.

Best we can offer is to say, for their guidance in resolving the issue - let us spray.

## Dr. O'Reilly

Fortunate are the citizens of Andover to have an interested citizen with the abilities of Dr. William R. O'Reilly.

The local physician has for some time been making himself available in his free moments for emergency duty, which, as was the case just a week ago, proved to be a life-saving mission.

Dr. O'Reilly was at the scene of the tragedy on the Shawsheen River when a skin diver was swept up by the current, lost his face mask and breathing apparatus. He had gone to the scene upon hearing of the accident on his mobile radio. The physician administered life saving aid to the diver.

This is but one occasion. There have been several others. In recent months, he administered aid at a near drowning at Rabbit's Pond. He has reported to accident and fire

scenes with the town's public safety agencies and given assistance when needed on many other occasions.

Such service should not go unnoticed.

News reports of his presence at such scenes have resulted in appreciative remarks from the general public.

We would like to publicly express appreciation to Dr. O'Reilly for the devotion to his life saving practice.

It is unusual to find a family man of his professional stature who will take the time to be of such assistance to his fellow man. We feel we speak for a grateful community in "Thanks Bill O'Reilly, it's comforting to know you're around."

## The Committee

The selectmen this week approved the town manager's appointment of a school building committee to plan and oversee the construction of additions or renovations to the Shawsheen and Doherty schools.

To this group, falls the difficult task of providing the town with new construction to meet the requirements of modern education at a reasonable cost.

The composition of the committee would appear to lend itself quite well to the assignment.

It is composed of a cross-section of the community, educators, builders, and economy minded people.

Public construction projects, particularly schools, are difficult undertakings. Requirements of various local and state agencies must be met. Contractors must be dealt with and supervised closely. Problems often arise which are unanticipated, such as materials shortage.

But, for the most part, Andover's building committees have had an enviable record of producing functional buildings, on time and sometimes at a savings.

As this committee begins its task we wish it well with the assurance that it would appear the town will be getting a dollar return for every one spent in its latest construction project.

## Off The Top

A trip to Germany does not tend to build one's ego if you happen to be a municipal official, as Selectman Robert A. Watters found on a recent trip.

The chairman of the Andover board felt a post card of the town building would be good to send to his colleagues, even if the German designation of such an edifice is Rathaus.

A further deflator was the title of Mr. Watter's counterpart in Germany which literally translated means "chief rat."

One feature of the Germantown hall, which the New England edifices sorely lack, however, is a basement dining area where salami sandwiches are popular with steins of German beer.

Selectman Alan French came under close scrutiny at this week's meeting of the board, and not just by the local electorate.

On hand for the regular business session were his father, Carroll French, visiting here from New York and his son, Tom.

After the past weekend, we'll thank all those "Think Snow," buffs to kindly wait a little while for their big push.

Hopefully the skiers have had their last fling and we can get down to some serious summer weather.

By the way, a tourist reports that mosquitoes are prevalent at Tuckerman's Ravine, where skiers were still playing their avocation in recent weeks.

From a news item in the TOWNSMAN of 75 years ago, we find that the idea for great telescopes was initiated by accident by a student at Phillips Academy.

George Clark, a student at the academy, took a dinner bell which

had broken and melted the fragments and cast them in the form of a telescope disc.

His father became interested and the outcome results found in the great telescopes in the National Observatory in Washington, D.C. and the Lick Observatory in California, and other observatories.

As the TOWNSMAN noted, "it is not often that the breaking of a dinner bell results so directly and manifestly in the change of the course of individual lives, and the great advancement of physical science."

State Fire Marshal Joseph G. Snider has issued a plea for citizen cooperation in preventing the unnecessary injury and maiming of children which can annually be attributed to the illegal sale of fireworks at this time of year.

Snider said, "During the school vacation period, countless children become the innocent victims of unscrupulous people who profit through the illegal sale of fireworks with no thought or care about the often tragic results to the child. All fireworks, except those used in public displays, are prohibited in this Commonwealth, but still the needless accidents continue and the avaricious dealers prosper."

The Fire Marshal requests all responsible citizens, who have knowledge of the illegal sale of this information as soon as possible, and guarantees that appropriate enforcement action will be taken to prevent future tragic occurrences.

## What Our Readers Say

To the Editor of the TOWNSMAN:

On behalf of the members of the Andover PTO Advisory Council, I would like to correct two errors in your article of June 8th, titled "Testing Results To Be Issued." The article incorrectly quoted (1) the Council's request and (2) the number of members of the Council.

At the May 21st meeting of the Andover PTO Advisory Council, a motion was made, on a 5 to 4 vote to send a letter to the School Committee to recommend that the School Committee ask the Superintendent to release Achievement Test and other test results by school name to our elected representatives (the School Committee Members.)

A minority report was included stating the closeness of the vote, that 10 of the 18 members were present, and their request that the School Committee keep the matter confidential.

The PTO Council membership is composed of 2 delegates from each of Andover's nine schools. Each school also elects 2 alternates. A quorum (representatives from 5 schools) is required for each meeting.

## North Andover A While Ago

75 Years Ago - June, 1897

Not for many seasons have the brakes and ferns on the roadside attained the almost tropical luxuriance which the rains of the past weeks have given them, and a drive on most of the back roads cannot fail to be a source of pleasure to every lover of nature.

Michael Haggerty reported to the police Sunday that his home had been robbed of \$10. He suspects the housekeeper who is said to reside in Lawrence.

James W. Leitch has received two carloads of Akron drain pipe which purchasers may obtain at lowest prices. He also has available an excellent line of oil stoves for summer use.

Unitarians of Essex County held their spring conference at North Parish Wednesday. The church grounds and the green were well cared for in anticipation of their arrival.

Fred L. Sargent will furnish conveyance for a private party to Lake Cochichewick Sunday.

50 Years Ago - June, 1922

The Lawrence Gas Co. has been given permission by the selectmen to excavate on Elm street from Water street to Prescott street for the installation of underground mains and also connections from the street.

Davis and Furber Machine Co., has been forced to temporarily shut down due to burning out a bearing in the engine room. As soon as it can be repaired, operations will continue.

Members of the North Andover club and its auxiliary will hold a lawn party on the club grounds on Middlesex street.

Town Auditor James W. Elliot reports that \$140,245 of the town's \$238,721 budget has been expended to date. The accounting is contained in his monthly report to the selectmen.

Rev. Leo Sullivan of St. Michael's parish has been reassigned to St. Margaret's Church, Dorchester, after serving here for two years.

25 Years Ago - June, 1947

Veterans classes held at the high school on Tuesday and Thursday nights will suspend this week to be resumed in the fall.

Work on filling the sandbank off Massachusetts Avenue, near Marblehead Street has begun. When the work is completed, it is anticipated the area will be made a children's playground.

Reconstruction of Water Street began this week. The Chapter 90 project will be from the Merrimack School to Elm Street. Buses will be rerouted during the construction period.

Atty. Charles W. Trombly, chairman of the school committee, will award diplomas to Johnson High graduates Friday night in Stevens Hall.

Repairs to the Union School roof, which is leaking and some minor repairs to the old Bradstreet School, are on the agenda for summer projects by the school committee.

10 Years Ago - June, 1962

The Fourth of July committee is planning a two-day observance this year, with several events planned, including a chicken barbecue on the common and a parade on the holiday led by the U.S. Navy band from Boston.

The school committee and superintendent of schools release the names of new teachers appointed during an executive session held eight days ago.

The selectmen will complete negotiations Monday with the Lawrence City Council for the acquisition of airport land on Sutton street to be used as a playground for the town.

The State Department of Public Works agrees to plant 25 trees along Route 125 between Great Pond Road and Sutton Street. The trees were removed during the widening and reconstruction of the road.

## Dr. Banta In Methuen Recital

Dr. Lorene Banta will present an organ recital at the Methuen Memorial Music Hall on Wednesday, June 21 at 8:30 p.m.

Her recital, one of the 1972 summer series, concentrates on works composed by various members of the Bach family. In the seventeenth and eighteenth centuries, this German family produced several distinguished composers. Each would have taken a recognized place in music history, had the passage of time not proved them to be lesser composers than their illustrious relative, Johann Sebastian Bach. Dr. Banta also includes in her program a tribute from one of the great virtuosos of the nineteenth century, Franz Liszt, to the greatest member of the Bach family.

Mrs. Banta, until recently the organist of Phillips Academy, studied with the late Albert Riemenschneider, Bach authority and founder of the Bach Library. She has also had lessons with Andre Marchal, Carl Weinrich and Arthur Poister, and has taken part in extended master classes with the late Fritz Heitmann, E. Power Biggs and Catharine Crozier. She has published articles in several national journals, as well as music criticism during twelve years as staff member of the publication, "The American Organist." She holds a doctorate in the classics.

Her program includes: Prelude (Toccata) and Fugue in E-flat Major - J. Christoph Bach; Fugue on the chorale: "Erbar'm' dich mein, O Herre Gott" - Heinrich Bach; Prelude on the chorale: "Wenn mein Stundlein vorhanden ist" - J. Michael Bach; Prelude on the chorale: "Von Himmel hoch da komm ich her" - J. Bernhard Bach; Fugue on the chorale: "Warum sollt' ich mich denn gramen?"

- J. Christoph Friedrich Bach; Fugue in D Major - J. Lorenz Bach; Prelude in E-flat Major (BWV 552) - J. Sebastian Bach; Prelude on the chorale: "O Mensch, bewein' dein' Sunde gross" (BWV 622) - J. Sebastian Bach; Fugue in E-flat Major (BWV 552) - J. Sebastian Bach; Fantasie and Fugue in C minor - Carl Philipp Emanuel Bach; Prelude on the chorale: "Christe, der du bist und Licht" - Wilhelm Friedemann Bach; Fugue in G minor - Wilhelm Friedemann Bach; Fantasie and Fugue in D minor - J. Ernst Bach; and Fantasie and Fugue on E-A-C-H - Franz Liszt.

sponsors "Martial Music Days" on Saturday, June 17, and Saturday, July 22.

On those days the museum's own Sturbridge Martial Band will be joined by visiting fife and drum corps. On June 17 the guests will be the Mattatuck Drum Band from Waterbury, Conn., and on July 22, the field musicians of the Second Company, Governor's Foot Guard from Connecticut.

Old Sturbridge Village recreates a typical New England village of the period 1790 to 1840. According to Arthur F. Schrader, the museum's music associate, it was during the period 1790-1840 that bands began to perform for important local occasions, such as the commemoration of the death of Washington in 1799, and Lafayette's American tour in 1824 and 1825.

The Sturbridge Martial Band has eight fifers and drummers who dress as their ancestors would have: in a composite of workaday clothing of farmers and artisans and bits and pieces of military uniforms, rarely matching each other. The band's repertory is based on nine fife and drum books published or sold in New England before 1840.

Average family income was \$10,939 in Essex County, Massachusetts in 1969, compared with \$10,835 for the State, according to a report on the 1970 census by the Bureau of the Census, U. S. Department of Commerce. Per capita income for the county amounted to \$3,490, the report shows.

The 1970 census counted 637,887 residents in the county; 8 percent were foreign born and 25 percent native born with one or both parents of foreign birth.

Among the county's 585,759 inhabitants age 5 and over in 1970, 26,884 were living in a different county within the State in 1965, and 29,729 in a different State.

In the population age 16 and over, 79 percent of the men and 45 percent of the women were in the labor force. Among the employed, 51 percent were holding white collar jobs, and 14 percent were government workers.

About 43 percent of the married women with husband present were in the labor force, and 25 percent of these wives had children under six.

There were 180,229 persons 3 to 34 years old enrolled in school. In the 25-and-older population, 58 percent of the men and 60 percent of the women were high school graduates.

Minority membership in apprenticeship programs registered with the Department of Labor has increased by 73 percent over the past 2 years. Black, Spanish-speaking, Indian and

Oriental youth comprised 18,977 or 9.8 percent of the 194,543 apprentices on July 1, 1971. This compares with 10,986 or 6.6 percent of the 166,087 minority apprentices on January 1, 1969.

#### AIR-CONDITIONERS AND OVERHEATING

Since the efficiency of auto air-conditioners depend on the flow of air through the condenser in front of the car's radiator, slow-moving traffic or prolonged idling may result in an overheated engine. This complaint is more prevalent with add-on units because they normally don't include higher capacity fans or heavy duty radiators. However, overheating is possible with ANY unit and can cause serious damage if neglected.

Engine temperatures can usually be returned to normal by turning off the air-conditioner. Or, if traffic is stopped, you can put the car in neutral and speed up the engine to move more air through the radiator.

If high temperatures persist, it is due to something other than air-conditioner overload such as low engine coolant or oil level. Determine the cause BEFORE you press on.

Carbon Monoxide is a killer. Make sure it doesn't strike in your family by having an exhaust check today. And you can depend on us to give it the care it deserves.

## Miss White At Aquatic School

Kathie White, daughter of Mr. and Mrs. Richard C. White of 27 Bartlet St., is one of 290 students enrolled at the American Red Cross National Aquatic and First Aid School at Camp Kiwanee, Hanson.

Upon the successful completion of the 10-day course students qualify as certified Water Safety Instructors and are eligible to teach Red Cross swimming and life saving courses.

The school at Camp Kiwanee is directed by Frank D. Holland, American Red Cross field representative. It is the largest of the 20 similar schools and seven small craft schools held through-

out the country with a combined enrollment of some 3,000.

At Kiwanee students are trained in all phases of first aid, life saving, swimming, and accident prevention. Specialized courses are offered in synchronized swimming, swimming for the handicapped, and small craft.

The faculty is composed of volunteer instructors and professional Red Cross personnel.

The year 1972 marks the 50th anniversary of the Red Cross National Aquatic and First Aid Schools.

The annual water show is scheduled for 3 p.m. Sunday, June 18 and is open to the public.

## Romantic Pops Is Scheduled

Due to the popularity of Kenneth Wilson's Romantic Pops Concerts on the Great Organ of the Hammond Castle, three dates in June have been set aside for these programs this year. Mr. Wilson will play the Romantic Pops on Saturday, June 17, Friday, June 23 and Saturday, June 24. All concerts are at 8:30 p.m. A surprise is in store for couples attending who observe their wedding dates on the anniversary of the concert.

An Evening of Romantic Music includes; Love is in the Air with Love is Where You Find It; One Night of Love; Do I Love You Because You're Beautiful; and Love is a Many Splendored Thing.

Love Round the World includes;

Moon Over Naples; China Doll; Innamorata; Sayonara and There's a Kind of Hush; Loves of the Silver Screen include Delilah; Ruby; Fanny; Stella and Dolly. From West Side Story, Mr. Wilson will play Maria, and Somewhere. After intermission the program includes Leroy Anderson's Belle of the Ball; Rubenstein's Romance; The Love Songs of Charlie Chaplin; Beautiful songs of Romance includes The Shadow of Your Smile, On a Clear Day and This is All I Ask and Love is Everlasting. In the final section Secret Love; Fly Me to the Moon; True Love; Three Coins in a Fountain and People. The program will conclude with Mr. Wilson's arrangement of the Wedding March.

Summer Driving Tip: Share the road with other highway users. Remember that you can prevent an accident by practicing a safe driving attitude behind the wheel.

### To Be Wed In Hawaii This Summer

Mr. and Mrs. Donald G. Hicks of Centralia, Ill., announce the engagement of their daughter, Miss Rae Ellen Hicks to Robert F. Lampe, Jr., son of Mr. and Mrs. Robert F. Lampe, 26 Hemlock Road.

Miss Hicks was graduated from Centralia High School, Valparaiso University in Indiana and is a teacher in the Centralia school system.

Mr. Lampe was graduated from Concordia Preparatory school, Bronxville, N.Y. and Valparaiso University, where he was a member of Phi Delta fraternity. He is currently stationed with the U.S. Army in Hawaii.

Miss Hicks and Mr. Lampe will be married at a small family wedding in Hawaii this summer.

Mrs. James DeNardo

### Miss Lichtman Is Bride Of Mr. DeNardo

Carol Lichtman, daughter of Israel and Geraldine Lichtman of Andover, became the wife of James DeNardo, son of James DeNardo of Canandaigua, N.Y. on June 4.

The marriage took place at Temple Beth Shalom in Peabody followed by a reception at the Lanam Club in Andover.

In attendance were guests from various parts of New York State, Massachusetts and New Hampshire.

Acting as best man was Ed Warro of Boston.

The maid of honor was the bride's sister, Joan.

The couple will reside in New Haven, where the groom is continuing his work towards an advanced degree at Yale and where the bride expects to teach in the field of special education.

### Bible School Due To Open

Vacation Bible School at the Andover Baptist Church is due to open on June 19 through 30 from 9:30 to 11:30 a.m. daily.

The school will be jointly sponsored by the Andover Baptist Church and the South Church of Andover. All children between the ages of 4 through 12 are welcome. No registration fee.

### To Serve On Camp Staff This Summer

Several Andover women and girls will serve on the summer staff of the Greater Lawrence YWCA day camp for girls this season. Camp Y-Wood, located on a nineteen acre meadow and wooded site on Captain's Pond in Salem, N.H., is open to all Greater Lawrence girls ages 8-13. Bus stops in Andover and surrounding communities have been planned. Camp opens June 26 and runs for four two-week periods until Aug. 18.

The camp will be directed by Mrs. Evelyn Retelle, 64 Reservation Road, who was one of the founders of the camp and has served as director for eleven years. Her interest in conservation and the out-of-doors is evident in a strong nature, campcraft and hiking program at Y-Wood. Farm animals, horses, a pony, rabbits and chickens give the girls a chance to learn animal care.

The Arts and Crafts Department will be under the supervision of Mrs. Wendy Moseley, 14 Standish Circle and Miss

Susan Lynch, 99 Reservation Road, for the third year. A varied program of macrame, papier mache, sculpture, candlemaking and art work are planned.

Miss Nancy Retelle, Senior Lifesaver, will be one of the staff of seven waterfront counselors. The waterfront will be directed by adult YWCA swim teachers, Claire Kurzban and Nancy Jukins, who have been on the staff for three years. Red Cross and Y Swim lessons will be given each camper for a one-hour session each day. A boating program of rowing, canoeing and sailing will be offered to the better swimmers.

Counselors - In - Training from Andover who have been accepted for a month's course are Carolee Whitney, Linda Callahan, Cindy Retelle and Diane Pelc. Ann Moseley will serve as a camp aide for the month of August. Registrations are available at the YWCA desk for the four camp periods. Sixty-five girls will be accepted.

## Memorial Hall Library

### Film Festival

It is quite possible that if you asked a friend for the name of his favorite artist and his favorite musician more than 50 percent of the time, you would be given the names of Andrew Wyeth and Pablo Casals. Thursday, June 15, these two great living artists will be on the screen at Memorial Hall Library. The World of Andrew Wyeth will show the influence of his work on the Chadds Ford, Penn. farmland and the Maine seacoast, two areas where Mr. Wyeth has lived and painted. The film, Pablo Casals, will bring us scenes of Mr. Casals and his magnificent cello in concert and in private audience. The program will begin at 3:30 in the upstairs Hall. Next week, June 22, the two

films to be shown will be the well-loved The Red Balloon, and Igor Stravinsky. The children will love The Red Balloon. Plan to bring them June 22 at 3:30 in the afternoon.

### Flag Week

The week in which June 14 occurs is annually set aside as Flag Week, and this event takes place during our current week, June 11 - 17. The library is featuring a special exhibit of books about the American flag, its history and its use. Citizens of Andover are encouraged to fly their flags during National Flag Week.

## Dyeing Technique Workshop

NORTH ANDOVER - A workshop on dyeing techniques will be sponsored by the Merrimack Valley Textile Museum for two weeks starting July 17.

The course will be instructed by the Gerber Family, and will be conducted at the Stevens-Coolidge Place in North Andover. Tuition is \$50 a week, and enrollment is limited to 25 persons per week.

The first week, July 17-21, will include study of the fundamentals of the dyeing craft with special emphasis on the historical aspects.

The course is especially designed for serious students, and for those presenting the craft at historical restorations.

The course will cover the additive and mordant dyestuffs, mordanting procedures and an intensive study of the basic mordants through the mid-nineteenth century.

The domestic dyeing practices of Colonial America will be emphasized in the workshop sessions. These will be correlated with European and Colonial American industrial procedures. Lichen dyes, indigenous plants and imported dyestuffs will be studied.

The second week, July 24-28, is designed for advanced students and for teaching staffs of restorations.

Familiarity with the material of week one is a prerequisite. Old recipes will be studied, translated into modern terminology and applied in the workshop practice. Special dye problems will be included, and a certain amount of library research activity will be required.

The Gerber Family of Florida consists of Willi and Fred and their three sons. Mr. and Mrs. Gerber, graduates of Cornell, have degrees in taxonomic botany. They have done graduate work in taxonomy and plant physiology.

Director Thomas W. Leavitt of the Merrimack Valley Textile Museum may be contacted for further information. The mailing address is Post Office Box 266, North Andover.

### Tutor Added

Camp Evergreen, conducted by Jim Loscutt on Jenkins Road, has added a tutoring program for children with learning disabilities to its summer program.

Esther Strauss, a graduate of Boston University, with an M.Ed., specializing in learning disabilities, will co-ordinate the program.

## Announces Candidacy For Congress

Mrs. Helen Gilbride Droney of Lowell has announced her candidacy for the Democratic nomination for Congress from the Fifth District.

"I run with a sense of outrage at the crippling problems that beset all of us. . . problems our elected officials do nothing about except talk," she said at a press conference called to declare herself in the race for the seat vacated by Rep. F. Bradford Morse, now under-secretary general at the United Nations.

Mrs. Droney, coordinator of mini courses and volunteer work at Lowell High School, said it was "time for straight talk and direct action."

Scoring the unresponsiveness of government to the country's needs, she blasted what she termed the waste of hundreds of millions of dollars on weapons systems cost-overruns, the billions expended on airplanes "that can't even get off the ground;" at a war that "costs tens of thousands of lives and hundreds of billions in dollars to no good purpose."

Mrs. Droney also spoke of widespread unemployment and expressed her outrage because the "average family needs two paychecks just to keep the mortgage paid, food on the table, the car running and kids in school."

A native of Lowell, Mrs. Droney is the daughter of the late Atty. James H. Gilbride and the late Helen (Roberts) Gilbride, a native Lawrencean and a teacher in the Lawrence school system until her marriage.

The candidate is a graduate of Radcliffe College, and took her graduate studies at Harvard School of Education and in the Radcliffe Seminar program.

She served on the Lowell School Committee; was a member of the Democratic state committee, and was a delegate to the national Democratic convention; she co-ordinated transportation for Sen. Eugene McCarthy's New Hampshire primary campaign, and was coordinator of the senator's Massachusetts organization.

Active in a number of civic organizations, she served on a

committee of broadly based Lowell citizens from many disciplines and professions which, over a three-year period, submitted for school board and city council approval of a definitive set of plans at all educational levels for the future of the Lowell school system.

She is the mother of three children and her husband is James F. Droney, a Boston newsman and radio host.

We are a year closer to the perfect car. A car with all the latest proven engineering concepts and design ideas.

For example, the 911 engine has been redesigned.

Its size is increased to 2.4 liters by extending the stroke to 70mm. We've also decreased the compression ratio which means you can use regular gasoline for all 1972 models.

The result is a smoother running engine with tremendous torque.

More torque means more power to the wheels over a broader range of engine speeds.

Which in turn means you shift gears less often.

We also built a stronger gearbox to handle the stronger engine.

The ignition is a high capacity discharge system. An electronic marvel that gives you a hotter spark for better performance.

To satisfy the needs of 2.4 liters, we've installed mechanical fuel injection on all 911s. Each system is tuned to its individual engine for optimum horsepower.

We placed the oil tank in front of the engine. This simple move shifted the car's center of gravity six inches toward the middle.

Which changed the handling from superior to superb.

Under normal conditions the oil needs changing every 10,000

miles. At which time you also check over the rest of the car.

All 911s have full torsion bar suspension and double action shock absorbers.

We moved the shock absorber mounts slightly to give the shock a longer travel.

The result here is a more comfortable ride without giving up any handling characteristics.

Steering is quick and precise, as usual, by way of rack-and-pinion.

4-wheel internally ventilated disc brakes are standard, of course.

All in all, the 1972 Porsche 911 is the finest production car we've ever built.

## Saba Elected President Of MVACLD Organization

Stanley Saba, Jr., of 144 Lovejoy Road, has been elected as the fourth president of the Merrimack Valley Association for Children with Learning Disabilities at the last meeting for the year, succeeding Martin G. Sanborn of 60 Jenkins Road.

Other officers elected were: Mrs. Edith Sanborn, first vice president; Mrs. Judith McNamara, second vice president; Mrs. Adena Cicione, recording secretary; Thomas F. Kelly, Jr., corresponding secretary; and Mrs. Barbara Mitton, treasurer. The new board of directors is Mrs. Nancy Deacon, Mrs. Martha Eaton, Mrs. Teresa Fragola, Mrs. Maureen Lawton, Arthur Melanson, Mrs. Margaret O'Connor, Mrs. Dorothy Page, Robert Sanborn and Martin Sanborn, past president.

The Merrimack Valley chapter

is chartered by Massachusetts CHILD Inc.-ACLD, which is the representative of National ACLD in Massachusetts. The objectives of the local association include: (1) Encouraging schools to establish programs for learning disabled children, (2) Sensitizing the public to the needs of disabled learners, (3) Providing assistance and information to parents, and (4) Enlisting support and participation of experts and knowledgeable individuals in promoting causes for learning disabled children.

Mr. Saba has called for meetings of the board of directors and officers during the summer to set forth new programs for 1972-73. The first meeting of the association of the new year will be on September 18, at the regular meeting place - Ballardvale United Church, Andover. Parents who have children with learning disabilities will find a great deal of help at these meetings. They will have an opportunity to talk with other parents having the same kinds of problems and with professionals who are leading the way to new solutions.

## BUSINESS PROFILES

### "Try On A Trailer" At Recreation Specialists

This is the season for camp-  
ing, boating, etc. and Recreation  
Specialists, one of Andover's  
newest businesses, is the place  
to visit first! Recreation Spe-  
cialists is located at 20 Dale  
Street in Ballardvale, opposite  
Mill Stream Industrial Park. It  
is a local firm, owned and  
operated by local people who  
stand behind everything they sell.  
Leslie Bartow, former Town of  
Andover recreation director, is  
the president of this new com-  
pany and Edna Wilton of Andover,  
his associate, has had many years  
of experience with Scouts, church  
groups and other youth organiza-  
tions.

Recreation Specialists fea-  
tures sales and service on camp-

ing trailers, boats, outboard  
motors, parties and outings for  
adult and youth groups. Drive  
over and see their display of  
Venture camping trailers, "a  
little castle on wheels." This is  
a quality line of camper, comes  
in 3 different sizes, to sleep be-  
tween 6 and 8 people, depend-  
on size. Prices start at \$1,498.

In the boating line, Recreation  
Specialists has the well known  
Scorpion Sailboats. These sail-  
boats are designed for the be-  
ginner as well as the experienced  
sailor. What's more, they are  
safe: positive foam flotation  
makes them unsinkable. Recrea-  
tion Specialists also feature  
Smokercraft aluminum boats and  
canoes, and many other lines are  
expected to be added this season.

In their service department,  
Recreation Specialists offers re-  
pair service for most makes of  
small engines and outboard  
motors. Other services include  
trip planning and advance re-  
servations at many N. E. camp-  
grounds and boat marinas.

As an added feature Recrea-  
tion Specialists offers a party  
service. Everything involved in  
the organization and running of  
home parties, beach parties,  
youth parties for individuals or  
clubs, will be taken care of. They  
supply beverages, ice cream,  
service personnel and portable  
bars. Call and find out about this  
unique service.

Recreation Specialists is open  
Monday through Friday, 8:30-6.

## Resurfacing Of Route 125 Scheduled

Bids have been opened at State Department of Public Works Headquarters, Boston, for the resurfacing of almost two and a half miles of Route 125 starting at Ballardvale St., Wilmington, extending northeasterly through North Reading, to a point about 250 feet southwest of the Route 28 ramps in Andover.

DPW Commissioner Bruce Campbell said that the apparent low bidder for the project, at \$151,120, is Essex Bituminous Concrete Corp., of Peabody. The DPW estimated the cost at \$141,533.

In addition to repaving, the project includes minor improvements to the existing drainage system along the road.

During the project, the road will remain open to traffic at all times.

Completion of the work is expected in September.

## Furniture Surplus To Be Sold

The Town of Andover has converted some of its elementary school classrooms to flexible seating over the past year. As a result, it has a large surplus of desk-chair combinations in

very good condition that can be purchased for \$3 each. They are very suitable for house or school use.

The furniture is available at the old Stowe School at 36 Bartlett St. on Saturday, June 17, between 9 a.m. and 1 p.m.

To maintain a normal oxygen-carbon dioxide balance in populated areas, there should be a tree for each person, according

to the Massachusetts Audubon Society.

## "Saved me enough when I took the wife to Hawaii we stopped over in San Francisco!"

Maybe we can save you some more. Or maybe not quite so much. Depends: on whether you're itching for Hawaii, Hong Kong or the Himalayas, for how long. And how long you want to stretch out your loan. But any way you cut it it's dollars to doughnuts you'll pay less for your Vacation Loan at Essex Broadway. Lots less. The nicest kind of savings there is: we do the saving, you get the difference. After all, we ARE a Savings Bank.
